Sir:

Applicant submits herewith a copy of the entire sixteen (16) page submission of an after final amendment that was previously submitted to the United States Patent and Trademark Office via Fax to (703)-872-9306 on June 10, 2005. Also enclosed are the Fax Machine Transmission Report showing that the 16 page Fax was sent on June 10, 2005 and the Auto-Reply Facsimile Transmission confirming, by the United States Patent and Trademark Office, that all 16 pages were received on June 10, 2005. The previous submission also contained an itemized Certificate of Facsimile Transmission Pursuant to 37 C.F.R. § 1.8(a).

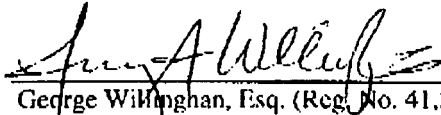

Since the application is after final and less than one month from the six-month date, Applicant's representative placed a phone call to the Examiner to check on status of the Examiner's review of the timely submitted amendment only to receive the response that the United States Patent and Trademark Office never docketed receipt of the amendment and apparently had misplaced the submission. The Examiner recommended resubmission of the previously filed amendment. Applicant's representative has also contacted the Examiner's supervisor in an attempt to resolve this matter.

1

In response, Applicant submits the enclosed copy of the previously submitted amendment and all supporting documentation and respectfully requests expedited processing and review of the enclosed amendment prior to the six-month date of August 10, 2005 or in the alternative an extension of the six-month date to allow for processing of the amendment. Since the submission was misplaced by the United States Patent and Trademark Office at no fault of the Applicant, no fee is believed due for the submission of this copy. Should the Patent Office not agree, then Applicant requests a phone conference with Applicant's representative in advance of the six-month date to resolve any outstanding issues.

Respectfully submitted,
